## FINANCIAL AND COMMERCIAL. MONEY MARKET.

WEDNESDAY, July 16-6 P. M. The stock market opened very active this morning. There were large sales of all the leading railroad tral, Erie, Reading, Cleveland and Toledo sold freely at quotations, both for cash and on time, buyer's and seller's option. At the first board Indiana 5's fell off | per cent; Erie bonds, 1871, 1; Canton Co., 1; Cumberland, 4; New York Central Railroad, 4; Erie, 4; Reading, 4; Michigan Southern, 4; Panama, 1; Cleveland and Toledo, f. Erie bonds, 3d mortgage, advanced & per cent; Illinois Central Railroad, i-There was a sale of Illinois Central Railroad privileges this morning at 111 per cent. This is three per cent above the market price of the stock. There was not much business to-day in railroad bonds or State stocks. First mortgage Goshen bonds sold at 50 per cent; Hudson River Bailroad, 1st mortgage, at 102, which is an advance. The bears have within the past day or two been operating extensively. They are now free sellers of cash stock, and put out contracts with a great deal of confidence. The last bank statement helped sellers very much.

A decrease of two million of dollars in the banks' specie reserve, in one week, was more than the market could stand, and it required no very great foresight to see that prices could not be sustained under such a serious drain. The tendency of prices for stocks generally is downward. Certain kinds of bonds and stocks which are wanted for foreign orders will not vary much in market value, but se which depend entirely upon local demand and local influences must give way under the pressure of stock for sale. Buyers have been for weeks accumulating supplies, until they are now fairly gorged. Those who have during the past two or three months sustained prices are no longer buyers, and the support their purchases gave the market is now withdrawn. Many large holders would be sellers if they could do so without depressing prices; but that is not possible. There is a very large amount of cash stock in the market under the control of the bears, and it may come out any day. The abundance of money may, in the face of these unfavorable influences, prevent any serious depreciation in prices. Some of the leading railroad stocks even pay large dividends, and where they are not held in large blocks we do not look for any change among holders. Capital finds profitable employment in such securities at current rates, and so long as confidence is not disturbed, nothing would be gained by moving

After the adjournment of the Board, the following sales of bonds and stocks were made at auction

by Adrian H. Muller:—
\$25,000 Knox Co. Ohio 6's, to Ohio & Miss.RR in added 43
10 shares Forchester Mant. Co. Oty of New York. 61
230 do Butchers' and Drovers' Bank. 121 a 1223/
10 do Merchants' Exchange Bank 1005/
50 do Clinton Fire Insurance Co. 1093/

At the second board the market was a fraction or so better. Illinois bonds advanced i per cent; Nicaragua Transit, 1; Reading, 1. Erie close without change. Canton Company fell off | per cent; Cleve-The gross earnings of the Eric Railroad Company

It was expected that the gross earnings for June would figure up \$540,000 at least, but it appears that the reductions on the settlement were larger than

Albert H. Nicolay's regular semi-weekly auction sale of stocks and bonds will take place to-morrow (Thursday), at half-past 12 o'clock, at the Merchants' Exchange.

The Assistant Treasurer reports to-day as fol-

The payments to-day include \$57,500 for Califor

nia drafts.
The warrants entered at the Treasury Depart ment, Washington, on the 14th instant, were as

| Section | Sect The La Crosse and Milwaukie Railroad Company

earned in the first five working days of July \$8,263 24. This is equal to \$40,000 for the month.
The Toledo Blade states that the Cleveland and

Toledo Railroad Company has leased that portion of the Cleveland and Columbus road lying east of Grafton, which will enable them to avoid the awkward ferry arrangement of which the public have so loudly complained. Hereafter the trains will pass down to Grafton and cross the bridge of the Columbus road at Cleveland, instead of crossing The Corn Exchange Bank has declared a semi-

annual dividend of four per cent.

The following is a statement of the condition of

Massachusetts banks on the 7th inst.:-

BANKS OF MASSACHUSETTS. | Link | Grand Total.. \$56,623,861 \$48,812,085 \$105,435,946 Notes, bills of ex-change, &c., 252,458,058 \$47,088,487 \$99,546,546 Specie..., 3,646,596 1,092,453 4,639,059 Real entate..., 619,297 631,135 1,250,342

Grand total ... \$56,628,561 \$47,812,085 \$105,435,946 The above statement exhibits, upon comparison with the 1st day of January last, an increase in the items of capital of 283,000; of net circulation, \$108,559; of deposits \$1.962,317; of loan, \$2,323, 679; and of specie, \$141,328.

By the report of the banks of South Carolina for the month ending June 30, 1856, it appears that the aggregate circulation was \$8,348,738; net profits on band, \$1,876,037; the deposits, \$3,661,633; specie, 1,528,872; notes discounted on personal security, \$11,080,023; domestic exchange, \$9,347,415; foreign exchange, \$976,414: suspended debt, \$1,611,543. Comparing this with the statement for the month previous, it will be seen that circulation has decreased \$579,620; deposites, \$287,144; domestic exchange, \$274,000; foreign exchange, \$340,052. On the other hand, however, there has been an increase in net profits of \$97,004; in specie, \$28,000; in notes discounted on personal security, \$254,479; and in the suspended debt account, \$87,000. Compared with the statement for the same month last year, the indications are still more decidedly in favor of the present season. At that time circulation was 46,932,155; net profits, \$1,505,223; deposts, 3,134,-418; ppecie, \$1,316,941; domestic exchange, \$6,815,-238; foreign exchange, \$868,387; and suspended

The schooper Star, arrived at New Orleans on the 10th from Rio Grande, brought \$105,524 in specie, and the schooner Ann Maria, from the same place, \$57,644 -- both sums in Mexican dollars.

Experiments of burning coal in the locomotives of the Illinois Central Railroad Company have recently been made with great success. The coal used is obtained on the line of the road, where it exists in great abundance. A number of experiments were made last week with engine No. 51. which had been altered for the purpose. The portion of the road used was between Amboy and Wapella-one hundred and nine miles. The train onsisted of sixteen loaded freight cars, and the

oal used	-	La	Salle.	The	comi	parativ	e r	est	ıl:
ras as fo Fond, five end, firey	e exercit		85 15 in, at 16	cents.				7	75
Paving	with c	nal						1.7	96

This is a very gratifying result, and the import.

ance of this fuel question can scarcely be over-estimated. If the service of this road can be performed with coal, the saving to the company will be very high, while on the company's lands are inexhaustible beds of the finest coal, which can be mined at a cost not exceeding six or eight cents per bushel.

Several other locomotives are to be at once changed to coal burners, and the question thoroughly tested. We gave, a few days since, a synopsis of the report of the Railroad Commissioners of Connecticut. The following table, from that report, gives the length, cost, &c., of each railroad in the State:-RAILROADS OF CONNECTICUT-1856.

The Philadelphia Ledger of the 15th inst.,

We learn from Pottsville that at a meeting of the coal dealers, on Saturday, "it was resolved, in consequence of the low price of coal, to suspend shipments for four weeks from the 19th inst. This, it is hoped, will have the effect of raising the prices to something like a remunerative standard." We presume, as many dealers as consider their interest advanced by conforming to this resolution, will suspend their usual supply, but as the railroad will certainly keep its machinery in operation those who think their interest promoted by sending forward their coal, will no doubt do so. There will probably be a lessened supply coming forward for the time intimated, but there is not likely to be a suspension. We have always questioned the policy of this mode of maintaining prices, and the gradually increasing number of coal carrying companies will soon proclude even the attempt thus to monopolize the trade. Competition will prove as healthful in this business as any other, and the sooner it comes, probably, the better. The consumers of coal however, will never consent that the supply of coal shall be stopped, merely that a searcity may enable the middle men in the business, who have large speculations in the article, to maintain contracts, and be saved from loss. Such persons must shoulder their own risks and pocket the losses, as well as the profits, as they come. It might as well be asked that the farmer shall not send his wheat to market leat the speculators in flour, who have been storing for a rise, should prove losers. Coal is almost as much a necessary of life as flour, and being protected by a tariff, may, with even less propriety, be withheld from the market. Operators have the right to continue the production of coal or not as may be found profutable, but to combine to force a price by withholding the supply while foreign competition is shot of the boston and Prother competition is shot of the boston and Pro-We learn from Pottsville that at a meeting of the coa

vidence Railroad is the most favorable of any which we have seen. The net profits of the six months ending June 1, 1856, are set down as showing a gain of 73 per cent over the corresponding period last year. The receipts are given at \$283,754, an increase of \$31,898 over the same six months last year, and the expenses \$174,931, a decrease of \$14,-090. Net profits for six months of 1856, \$108,822; same time 1855, \$62,834. Increase, \$45,988.

Total value  The Boston Post of the 15th inst., towing report of a meeting of stool Eastern Railroad Company:—	gives	

The tweaty-first annual meeting of the stockholders of the Eastern Railroad, for the choice of officers and the transaction of other business, was held in Chapman Hall on Monday. John Howe, the Fresident, occupied the chair. The report of the Directors was submitted in

chair. The report of the Inrectors was submitted in print.

Mr. J. B. Swasey, of Newburyport, wanted information as to the assets of the company; such as notes receivable, stocks, balance due, the price of wood, &c. He was disappointed that no plan was proposed to hold out a gleam of hope for a dividend. Without it, the report is a most bitter one to many widows and persons of limited means who own stock. He thought the financial policy of the Directors ought to have been foreshadowed in the report. The president in reply said he did not possess fore-knewledge enough to say when dividends could be expected. If negotiations now pending are successful, a different aspect may be given to the affairs of the company. We have assets, he said, which we believe to be good, to the amount of \$780,000. The debt of the company had been reduced in ten months \$350,000, and the rest has been carried along at a trile over six per cent. The assets were of a nature which cannot at once be realized.

The president also said that the earnings of the road for June were of a pleasant character. He gave the follow-ling figures:—

Receipt.

\* Of this sum \$10,800 applies to season tickets for three months—two-thirds of which, therefore, should be applied to July and August.

The report was accepted.

The meeting proceeded to the choice of seven directors, and the following were elected with but a few scattering votes—John Howe, Famuel Hooper, Geo. M. Browne, John C.-Lee, Nathan D. Chase, Micuah Lunt, Henry H. Ladd.

omnon at 75c., and of lump do. at \$1 06 ½.

Marasses quiet and steady.

Naval Studies.—No change to notice in prices, while

Naval Stoess—No change to notice in prices, while sales were moderate.

Provisions.—Pork.—The sales reached 600 to 700 bbls, mess at \$10 62½, and \$20 50 was offered for 1,000 bbls, deliverable first, and declined; prime was at \$17 62½; inspected at \$17 50.

Beef was steady, with sales of 400 to 500 bbls. Sincluding country prime, at \$7 50 a \$8 25, and mess do, at \$5 50 a \$10; repacked Western was at \$9 a \$11, and extra at \$11 a \$12 50. 200 bbls. Indiana beef hams were sold at \$15.

Bacon was scarce and firm. Cut meats were firm, with moderate sales at \$9½c. for shoulders and 10½c for dry salted hams. Lard was firm, with sales of about 1,000 bbls, and tierces prime at 12½c., and 200 kegs at 13c. Buter was plenty and dull. Sales of Onio were made at 10c. a 15c., and of State at 12c. a 15c. Cheese was at 6c.

11c. a 15c., and of State at 12c. a 13c.
a 8½c.
But was quiet, at 3½c. a 4½c.
Soar.—Sales of 250 boxes Castile were made at p. t.
Strans—The sales fembraced about 800 hads. Cuba
muscovade, at 8c. a 8½c, with small lots prime at 9c.,
and 200 boxes No. 19, were sold at 5c. a 9½c.; and a
carge of boxes, No. 19, were sold in Boston at 11c. The
stock of boxes in this market was said to be light.
Tenacto continues in moderate demand, prices firm.
Sales o 64 hads. Kentucky at 8c. a 13c; 175 bales Havana at 22c. a 32c.; 246 cases seed leaf at 6½c. a 15c.
Whissin.—The sales embraced 400 bols. Ohio and
prison at 40c., with small sales reported at 41c.

WEDNESDAY, July 16, 1856.
At Allerton's there was about the same number of cattle on sale to-day as there was on last market day, but the demand was not near as good, and prices have de-clined about 3gc. per lb. The cattle were all very fair, full as good as the average, with no very extra good or very poor cattle in the yards. The market was the dullest that we have seen this season; lots of butchers were to be seen strolling around, but with apparently little or no were all full, and purchasers seemed to know that they must be sold, even at a sacrifice. We heard several owners going the rounds of the yards, muttering about the hot weather and the perfect indifference manifested faction with the sacrifices they were obliged to meet with in order to dispose of their cattle. Notwithstanding the dissatisfaction manifested by the owners and speculators, cattle selling for 10c. per lb. yield a handsome prolit, and

and the range from Sc. to 10c.

Cows and calves are dull at all the yards, and are from \$5 to \$10 per head lower, according to quality. The offerings this week exhibit a great improvement on last week's stock, which served to keep the quotations up to about the usual standard.

Veal calves are plenty, and the market is not very active—prices have declined about \( \frac{1}{2} \) of the port of t
